

Kymex Healthcare

<https://www.kymexhealthcare.com/>

We are one of the manufacturer, trader of a wide array of Pharmaceutical Tablets, Capsules and Injections. These pharma products are checked for their genuine quality before their dispatch. We are looking for Pharma Franchise and Pharma PCD.

About Us

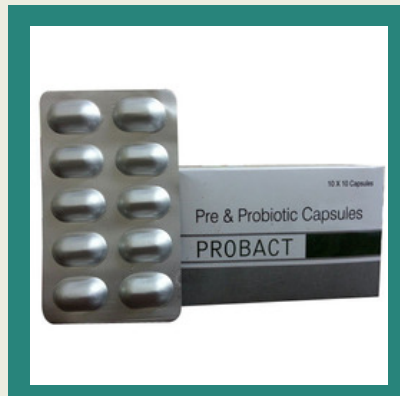

We "**Kymex Healthcare**", incorporated in the year **2007** as a sole proprietorship business venture at Panchkula, Haryana, in India. We are into manufacturing, trading and service providing of pharmaceutical products. Our entire range is widely appreciated in the market for their quick and fast remedial result, pure and effective, accurate composition, high nutrient value, effective and treatment from varied diseases. The products of Kymex Healthcare and its divisions have been thoroughly tested on various parameters and manufactured at WHO-CGMP certified manufacturing units. We have established capacious warehouse that spreads across large area and is segregated into varied sections. Products are stored as per proper labelling and categorization to aid in quick retrieval and easy dispatch. Besides, cutting edge inventory management tools and latest material handling equipment have been deployed to ensure proper loading and unloading of our range. Apart from warehouse, we are supported by quality-testing, marketing and sales, research and development and more. All these units are equipped with cutting-edge machines and tools that enable us to accomplish bulk demands with utmost ease. Under the guidance of "**Mr. Anil Sangwan**" all these units are manned by highly-motivated and skilled group of professionals, who are considered finest in the market. Our team hails from varied backgrounds and work tirelessly hard to render quality-assured...
